

2021 Tennessee Airports Conference Update

Dear Patrons,

We hope you, your family and your colleagues are doing well amidst an unprecedented and unpredictable COVID-19 pandemic. While the board would love to host you all for our signature annual Tennessee Airports Conference, the board has decided to cancel the 2021 conference scheduled for March 1-4, 2021, due to the uncertainties created around the pandemic.

The board is also working on hosting other networking type events that can be organized following CDC guidelines. Dates to these will be set in the coming weeks as the board continues to monitor the trend of this pandemic.

We will let each and every one of you know when the dates are set. Sponsorship opportunities will be available if you are planning the budget for your organizations new fiscal year.

We look forward to seeing you all again.

Respectfully,
Tennessee Aviation Association Board
